

# Orsini & Rosenberg Alchemical Mafia

The Orsini family of Rome, Orsini-Rosenberg family of Austria, and the Roseneberg family of Bohemia created and manage Rosicrucianism or the Order of the Rosy Cross which is a secret society of alchemists. The Orsini family are owners of the Cleveland crime family, Ursino mafia clan of Calabria, factions of the Israeli Mafia and modern Jewish Mafia, and they manage the Orsoni political criminals in Corsica. The Italian-American Robert Pera is an agent of the Orsinis and he owns the Memphis Grizzlies NBA team and is worth about 7 billion. Pera also founded Ubiquiti Networks in New York which is a wireless communications company that is also involved in electronic harassment. Orsini derives from the word Urso which means a bear like a grizzly bear. The Orsini-Rosenbergs have bears on their coat of arms. Alchemy is the manipulation of the human psyche and biology through chemicals and is a form of chemical warfare. These families all use the rose on their coat of arms. The Rosicrucian Order is also called the Order of the Rosy Cross. They work with the Merck family which created and partly own Merck Group a pharmaceutical company that creates vaccines. The Merck family are an old German nobility and they have 3 roses on their coat of arms. Kathrein-Werke is a German antenna and electronics company founded in Rosenheim, Germany. Rosenheim uses a rose for its coat of arms. The billionaire Anton Kathrein Jr. is the CEO and owner of Kathrein-Werke and an agent of the Rosenbergs which use antennas and electronics for their electronic warfare on society. Prince Alois-Konstantin of Lowenstein-Wertheim-Rosenberg recently worked as the director of Merck Finck & Co which is a private German bank that took over the Rothschild's Austrian bank during WWII. Prince Alois-Konstantin's father was a Nazi and member of the SA, Roman Knight of Malta, Vatican Knight, Bavarian Knight, Habsburg Knight, and a Prussian-Nazi Knight. Matthias Schellenberg is the current CEO of Merck Fink & Co bank with Olivier Kuetgens as a member of the Executive Board. Stefan Oschmann is the Chairman and CEO

of Merck Group. Ernesto Bertarelli is an Italian-Swiss businessman worth about 8 billion and he founded Serono which was sold to Merck Group creating its division Merck Serono. The FDA and most food and drug companies are infiltrated by Rosicrucians. Scott Gottlieb is the Commissioner of the FDA and he is a Rosicrucian trained in alchemy. The influential rap producer named Alchemist is an agent of the Orsinis and he is a Jewish mobster trained in alchemy and involved in chemical warfare on society. The Alchemist works with the rap executive and Jewish mobster Paul Rosenberg. The Orsini family were behind the Ebola propaganda and had developed deadly Ebola vaccines. The creator of the Georgia Guidestones which aim to regulate the population of humanity used the name RC Christian as an alias and was really Robert C Cook an American geneticist involved in population control and eugenics. RCC like Roman Catholic Church and like Rosy Cross. The Rosicrucians made a YouTube video placing a time cube with MM and 16 on it. MM for 2000 and 16 together meant 2016. They intended to unleash a fake outbreak in 2016 to bring down the United States and target society with their deadly vaccines. They planned to go as far as quarantining towns and forcing these deadly vaccines on society because of a fake outbreak. The depictions shown of the Ebola virus under a microscope look like an two eights.  $8+8=16$ . The Japanese movie called Virus used a virus called MM88 designed by an American eugenicist. Using movies, media, and numbers like this are a form of sorcery designed to subliminally manifest their agendas. Once this was all exposed the Ebola propaganda ended within the week. They are behind Zika as well. All vaccines should be considered dangerous.

Vaccines are one of the most destructive tools these tyrants use on humanity and are primarily designed to target the nervous system and weaken a persons spiritual armor or electromagnetic shield. Many vaccines also use live viruses which cause diseases. Many of these corrupt food and pharmaceutical companies use research as their front to engineer diseases. The Orsini and Rosenberg families were also responsible for the Black Plague. They hired people to poison well water in order to spread the disease. The song Ring O Roses goes back to the times of the Black Plague. They

used rose petals to mask the smell of death. I also found two people with the name Rosenberg that work in high level positions at Bayer today. Zeev Rosenstein is an Israeli mobster and international ecstasy trafficker that has worked with the Gambinos in the United States. Ecstasy or MDMA is a dangerous synthetic drug developed and patented by Merck in 1913. The Orsinis and Rosenbergs are part owners of the Israeli Mafias and they were part owners of the Jewish Mafias in the United States. Chris Rosenberg was a Jewish member of the Gambino crime family during the 70's and 80's. The Del Balsos are an Italian-American family that owned a construction empire in New York City during the 1930's up until the 1960's and they built bridges, roads, and subways. They built the New York underworld which is used for covert human trafficking. The Del Balsos lived in 740 Park Avenue with the Rockefellers. The Orsinis had a branch called the Orsini Del Balzos. Francesco Del Balzo is a Italian mobster that operates in Canada just as the Ursinos operate in Canada. The Orsinis own the Ursino clan of Ndrangheta also called the Lo Presti clan with Luciano Ursino and Giuseppe Ursino as members as well as Luigi Ursino. Today the Orsini family are part owners of the Cleveland crime family or Liccavole crime family which are closely allied with the Detroit Mafia. The Cleveland Italian-American mobster James Licavole worked closely with the Purple Gang a Jewish Mafia. Paul Rosenberg is the CEO and President of Def Jam and he is from Detroit and is a criminal associate of the Detroit Mafia and an agent of the Orsinis and Rosenbergs. Paul Rosenberg is extremely evil and he works closely with Eminem. The Detroit Mafia is owned by the Odescalchi family and the Odescalchis and Orsinis are intermarried. An insecure very little gang stalking zealot and slanderous cannibal in my region named Jimmy Laccavole works for the Orsinis and their Licavole mobsters. Jimmy Laccavole is extremely evil and depraved and is a psychotic lying accuser that falsely accuses others for his depraved crimes. He worships satanic witches and female cannibals. The Colonna family of Rome work closely with the Orsini family and are also involved with pharmaceuticals. Stefano Colonna developed the Julia-Colonna Epoxidation which is used by Bayer and Evonik today. The Italian billionaire Stefano Pessina who owns Walgreens is an agent of the Orsinis and Colonnas. The Julia-Colonna Epoxidation is used for binding toxic chemicals with human enzymes. The actor Aaron Stanford is an sadistic alchemical terrorist working for the Orsinis and using bio-neuro hacking software to torment people. Amber Rose is an agent of the Orsinis and

she is a major child murderer. The Orsini and Rosenberg families have also used a bear on their coat of arms. The Akkadian word for bear is Urso also used by Latins. The Orsinis descend from the tribe of Urartu which was north of the Akkadian Empire. The Orsini and Rosenberg families oversee chemical companies like Bayer, Evonik, and Merck and use Rosicrucians to run and infiltrate food and drug companies. Princess Isabella Orsini is an Italian actress and she is married to the Belgian Prince Edouard de Ligne whose father has met with Reuvin Rivlin the President of Israel. Large amounts of Ecstasy are produced in Belgium. Prince Domenico Orsini, Don Benedetto Orsini, Prince Raimondo Orsini, and Prince Lelio Orsini are members of this evil and destructive family. Prince Karl of Lowenstein-Wertheim-Rosenberg, Prince Felix of Lowenstein-Wertheim-Rosenberg, Prince Michael of Lowenstein-Wertheim-Rosenberg, Prince Dominik Lowenstein-Wertheim-Rosenberg and the sadistic tyrant Prince Alois Konstantin of Loewenstein-Wertheim-Rosenberg are Austrian-German members of this wicked clan of mobsters and chemical poisoners.

Prince Domenico Napoleon Orsini is an owner of the Israeli Mafia, Cleveland crime family, and Ursino crime family. Prince Domenico is a top overseer of the Rosicrucian Order. Prince Domenico is extremely evil and destructive.

Our archive analysis **confirmed that MDMA was, in fact, first synthesized at Merck as early as 1912**, as proved by two documents which described explicitly the making of MDMA. The first is a German patent with the number 274350, from which both the original patent instrument ('Patent-Urkunde') and the patent specification ('Patentschrift') were retrieved (Fig. 1). The second is the Annual Report for 1912 (Jahresbericht für 1912) of Merck's 'Scientific Laboratory' (the German phrases are direct quotes from the documents, and English citations are direct translations from the German originals).

## History of chemistry

The protoscience of **chemistry, alchemy**, was unsuccessful in explaining the **nature of matter and its transformations**. However, by performing experiments and recording the results, **alchemists set the stage for modern chemistry**. The distinction began to emerge when a clear differentiation was made between chemistry and alchemy by Robert Boyle in his work *The Sceptical Chymist* (1661). **While both alchemy and chemistry are concerned with matter and its transformations**, chemists are seen as applying scientific method to their work.

Prince Karl of Lowenstein-Wertheim-Rosenberg is an owner of the Jewish and Israeli mafias that also commands the Rosicrucian Order.

<https://www.rosicrucian.org/history>

The **Rosicrucian Order**, AMORC is known internationally by its traditional and authentic title, the Ancient Mystical Order Rosae Crucis, from which is derived the acronym "AMORC." The Ancient Mystical Order Rosae Crucis is the Latin form of the organization's name, which literally translates into the Ancient Mystical **Order of the Rose Cross**.

Throughout medieval Europe mystical knowledge was often necessarily couched in symbolism or disguised and hidden in the love songs of Troubadours, the **formularies of Alchemists**, the symbolical system known as the Qabala, and the rituals of Orders of Knighthood.

As the Renaissance burst upon Europe with a flash of new interest in the arts and sciences, a **mysterious publication printed in 17th-century Germany** and called the **Fama Fraternitatis** heralded a renewed interest in **Rosicrucianism** throughout Europe. The Fama introduces **Christian Rosenkreuz**, a mythical character who was said to have traveled to centers of learning in the Near East and who personified the revived interest in esoteric studies and mystical learning.
